

S3G Staff Bios

Dr.Shobha Gupta, President

Shobha is an accomplished Quality Management Executive, who has provided strategic direction and know-how to Product development, Supplier/Out-sourcing partner management and Quality assurance organizations in global corporations for over 20 years. She has held leadership roles in Materials, Process and Supplier management departments within several leading high technology companies, including Digital Equipment Corporation and Motorola in Europe and USA. Shobha is known for her in-depth knowledge of best practices in quality assurance of Supplied material and services. Her leadership style infuses the Design for quality, reliability and supply chain, which are key to businesses success in the current trend of outsourcing of design, manufacturing and supporting services. Shobha holds a Ph.D. degree and numerous awards and recognitions. She has extensively traveled all over the world and has lived and worked in various countries.

Sumit K. Jain, ESQ., Vice President and General Counsel for S3G Global

Sumit actively heads S3G Global's legal process outsourcing and document review operations and oversees the project management and quality control teams. Sumit has extensive experience in managing and supporting document review matters, particularly in the insurance, construction and financial services industries. He holds a Juris Doctor (J.D.) from the University of Pittsburgh School of Law and a Bachelor of Science (B.S.) in business administration from the University of North Carolina at Chapel Hill (Kenan Flagler Undergraduate Business Program). Sumit is an active member of the North Carolina Bar and the North Carolina Bankers Association.

Ashish Gupta, Manager- Business Development

Ashish has a degree in EE, he has spent much of his career in IT project management roles in the manufacturing industry for Fortune 500 companies. This has involved successfully organizing and implementing corporate-wide deployments in both the software and hardware fields, often involving production-critical, time-sensitive IT. Ashish has held leadership roles in IT projects ranging to over \$20M. His experience has helped foster a culture within S3G to deliver projects on-time, on-budget, and to S3G's high standards. Currently he is also involved in a partnership for launch of a state of art wireless technology in global market.

Ashish is a professional violinist and enjoys teaching character-education classes on the weekends.
